Eastern Florida State College Athletic Training

Acknowledgment of Insurance Policy

Name:____________________________________  Sport:_______________________________

As a student-athlete participating in athletics at Eastern Florida State College you are insured under a secondary insurance policy. Secondary insurance coverage pays the remaining portions of the medical bills after the student-athlete’s primary insurance carrier has made payment. If a student does not carry primary insurance, then the athletic policy will act as a primary insurance for injuries occurred while representing Eastern Florida State College athletics.

As a student-athlete at Eastern Florida State College, it is your responsibility to inform the Athletic Training Staff of any changes in your primary insurance status when it happens. Failure to report any change in your primary insurance coverage could result in a non-payment of any injuries that might occur while representing Eastern Florida State College as a student-athlete.

Eastern Florida State College is not responsible for any injury that occurs while not representing Eastern Florida State College. It is also not responsible for any pre-existing injury. It is the student-athlete’s responsibility to reveal all pre-existing injuries with the Eastern Florida State College Athletic Training Staff.

Eastern Florida State College student-athletes are solely responsible for turning in all requested paperwork to Summit America for submitted injury claim forms. This paperwork will be mailed to your home address directly through Summit America. Failure to comply will result in complete responsibility of all outstanding bills.

The undersigned, by signing this release, hereby certifies that the undersigned has read and fully understands the conditions herein provided, and has disclosed all pre-existing injuries.
