Pathevo[®] STEM EDUCATION AND CAREER PLANNING

Find your **STEM** passion

Pathevo[®] STEM is a web-based solution that facilitates student career exploration and education planning within the **Science, Technology, Engineering** and **Mathematics** (STEM) disciplines.

The first STEM Academic and Career Planning Solution available to Eastern Florida State College students. Offered only through the Career Planning and Development Center.

Get ready now to explore the amazing opportunities within the STEM disciplines!

“Median earnings from workers in the STEM fields is nearly double of those workers in other fields.”

US Department of Labor Occupational Employment Survey, 2010
