## **DIRECTORY GUIDELINES**

The Community Partner Link Directory is a dynamic listing grouped alphabetically, by area of interest, and by location. The listings are as complete and accurate as possible, however, because of additions or changes during the year; please consult our office for updates.

If you discover an inaccuracy or change, contact your area campus: Cocoa/Titusville: 433-7610 and/or Melbourne/Palm Bay 433-5610.

Some placements are more conducive than others for integration with academic courses. The Center's staff can assist you with this information. Although some opportunities are more related to some academic majors or career areas, most are excellent in helping and learning environments. Regardless of your major or career aspiration service-learning programs will benefit you.

Brief job descriptions are included to help your selection process. More detailed information, including contact information, is available at our office locations.

There are service, advocacy, leadership, research, and special short-term opportunities available.

Additional opportunities are possible.

- PROFESSIONALLY RELATED, e.g., veterinarian, attorney, media
- SERVICE ORGANIZATIONS, e.g., Rotaract Club, African/American Student Union, Phi Theta Kappa, Student Government
- SOCIAL CONCERNS, ISSUES, e.g., aid to the hungry/homeless or sick; protection of the environment; elimination of injustice or cruelty, resolution of community, national or international conflict; promotion of cross-cultural and human understanding, consumer issues.
- ONLINE RESOURCES: Many volunteer engagement websites feature organizations, events, and volunteer opportunities in Brevard County. Visit [www.volunteermatch.org](http://www.volunteermatch.org) or [www.justserve.org](http://www.justserve.org) and enter your location and area of interest to get started. EFSC students may receive service-learning credit for any hours served at a non-profit community service organization.

If you have a possible window of service-learning, let us know.
