PHC 4094	Biostatistics for Public Health	3
ZOOC 4232	Comparative Parasitology	3
Total Credits		120
Notes:		
-Successfully complete the Florida foreign language requirement: two high school credits or at least eight college credits or demonstration of proficiency in a single foreign language. American Sign Language is acceptable. Foreign language taken at the college level does not satisfy the General Education or Technical Concentration credits.		
- All prerequisites must be completed with a grade of "C" or higher		
- HSA 4850 - Capstone/Internship - must be completed during the last semester		
- Students may earn the BAS/HSBS degree once, choosing one specialization from available tracks. If BAS graduates wish to take courses from another specialization within this degree, they may do so as a non-degree student. The official curriculum in the current online EFSC catalog supersedes this document. EFSC reserves the right to make changes in the online and printed versions of the curriculum as circumstances require. It is expected that the only changes will be the correction of errors and the inclusion of new courses and programs approved during the academic year.
