

**Bachelor of Applied Science in Computer Information Systems Technology  
Program Management Specialization**

<b>Associate Degree Awarded 60 Credit hours</b>		
An AS or AA degree from a Regionally Accredited Institution is required for admission into EFSC BAS programs		
<b>General Education Credit Requirement</b>		
Students entering the program with an Associate in Arts degree from a Florida state institution will receive credit for all 36 general education credits. Students entering the program with an AS degree, or an AA degree from an institution other than a Florida state institution may need to complete additional general education credits.		
<b>Technical Elective Requirement</b>		
Students entering the program with an Associate in Arts degree may need to complete additional Technical Electives. Technical Electives are 1000 and 2000 level courses in a computer-related area. Students entering the program with an AS degree may already have this requirement completed depending on the focus of their AS degree. 21 credits of Technical Electives are required.		
<b>Math and Programming Requirements</b>		
The courses below are required to obtain the BAS degree in Computer Information Systems Technology. Some students may have already completed these courses during their AA or AS degree. If not, they can be completed during the BAS program.

<p>Note: Must show proficiency in a foreign language through two years in high school with a 'D' or better in all semesters, completion of the second level of a foreign language at the college level, or completion of a proficiency exam. Foreign language taken at the college level <b>does not</b> satisfy the General Education or Technical Concentration credits.</p>		
<p>Note: All prerequisites must be completed with a grade of "C" or higher</p>		
<p>Note: Students may earn the BAS/CTBS degree once, choosing one specialization from available tracks. If BAS graduates wish to take courses from another specialization within this degree, they may do so as a non-degree student The official curriculum in the current online EFSC catalog supersedes this document. EFSC reserves the right to make changes in the online and printed versions of the curriculum as circumstances require. It is expected that the only changes will be the correction of errors and the inclusion of new courses and programs approved during the academic year.</p>
