Agency Inspector Renewal

FDLE # 950 - 6 Hours

Course Description

The role of an Agency Inspector is to verify that an evidentiary breath test instrument is functioning properly and is in proper calibration by conducting an agency inspection in accordance with Chapter 11D-8, FAC. Agency Inspectors also perform periodic testing of the calibration and operation of a breath test instrument, including all required preventative maintenance in order to provide accurate and reliable results. An agency inspector may also be a breath test operator and conduct breath tests in accordance with Chapter 11D-8, FAC.

Note: An applicant for an agency inspector permit must meet the following qualifications: (1) Has been issued a breath test operator permit by the Department valid at the time that the application is submitted; (2) Successfully complete the basic Agency Inspector Course approved by the Criminal Justice Standards and Training Commission. (3) Submit to the Department a complete written application and proof of course completion no later than ninety days after completion; (4) Present employment by an agency or the Department.
