Course Description

This course was organized and developed to enhance the knowledge, skills, and abilities of Defensive Tactics Instructors who actively teach within their department or the academy setting. This course is designed to update FDLE Certified Defense Tactics Instructors on curriculum and techniques being taught in the Basic Law Enforcement/Corrections Academy. Students will review the Force Continuum as well as any changes related to the curriculum and documentation requirements. Students will be required to demonstrate all the FDLE approved techniques and organize a practical exercise on one or more of the techniques.
