Eastern Florida State College
Public Safety Institute
Tactical Auto Pistol
24 Hours

Course Description

This specialized course was developed to enhance the skills of sworn criminal justice personnel with the use of their service weapon. This course begins with a review of fundamental handgun practices and quickly progresses into the use of advanced techniques aimed at saving lives. Officers will be exposed to various speed shooting drills, shooting positions, movement to cover, reloading drills, multiple target acquisitions, and other rapid reactionary measures.

Additionally, there will be a special emphasis on “ambush reactionary skills” and most importantly “mental preparation for the armed encounter.”

This course will develop the criminal justice professional to new levels of pistol skills. There will be low-light shooting during each day of instruction and discussions about previous officer assaults and successful outcomes. It is the overall goal of this course to reduce officer injuries and fatalities as a result of the increase in felonious armed assaults.

Required Equipment:
- Note Taking Material.
- 700 rounds of factory loaded semi-auto pistol ammunition (full or total metal jacket).
- 300 rounds of frangible semi-auto pistol ammunition.
- Duty belt and magazine pouch with at least 3 magazines (extra magazines are suggested).
- Flashlight and weapon mounted light if available.
- Wrap around eye protection, external hearing protection, baseball style cap.
- Bug spray and sun screen.
- Long sleeve shirt (red colored shirts are not allowed and are reserved for instructors).
