

Eastern Florida State College
Bachelor's Degree Advising Center
3865 North Wickham Road
Building 1, Room 107
Melbourne, FL 32935

Bachelor of Applied Science (BAS) applicants who lack an A.S. degree in a health sciences field will need to submit additional information to support their application for the Advanced Allied Health or Health Care Management specializations. Please provide responses for the questions listed below and return all documentation to the Bachelor's Degree Advising Center. You may send your completed documents to BAS@easternflorida.edu via an attachment or return by mail to the address listed above.

Name _____ Student ID: B00 _____

Specialization _____

1. Do you hold a current license in the healthcare field? _____
If yes, please attach a copy of any current license(s).

2. How many total years of work experience do you have in the healthcare field? Please also note the location(s), number of years, and full-time or part-time status.

3. List any volunteer hours that you have in the healthcare field. Please also note the location(s) and the number of years.

4. Please provide a typed Statement of Objectives one page in length to include:
(a) how the degree specialization will allow you to meet your educational and professional goals and
(b) elaboration on the previously listed work and volunteer experiences
