

## MAJOR/PROGRAM CHANGE FORM

**In order for your record to be updated for the current term, please note:**

- This form must be submitted to the campus Admissions Office by 5 pm on the last day of add/drop week for the earliest part of term in which you are currently enrolled.
- If you are changing your major/program, your catalog year will also be updated to the effective term.
- If your major is AA/GENR and you are adding or changing a pathway, this will not extend your financial aid eligibility. Only courses required for the AA/GENR (not a specific pathway) are used when determining enrollment levels for financial aid.

**Select One:**

**I request to have my major/program changed** (See EFSC Programs and Admission Requirements)

Effective Term: \_\_\_\_\_

	<b>Degree</b>	<b>Major/Program Code</b>	<b>Program Description</b>
From:	_____ / _____	_____	_____
To:	_____ / _____	_____	_____

Add  Remove Limited Access Program \_\_\_\_\_

**OR**

**I request to update my catalog year in my current major.**

Current Major \_\_\_\_\_ Catalog Year \_\_\_\_\_

**Notes:**

- Students must meet all admissions requirements of the new program. For example, the new major may require additional placement testing.
- Students applying for admission to Limited Access Programs must apply through the appropriate department. Upon departmental approval and notification, students will be admitted to the appropriate program.
- It is recommended that you check with an EFSC Financial Aid/Veteran's Office before changing your major.

My signature verifies that I understand a program change could limit or restrict further eligibility for federal/state financial aid or veteran's assistance.
