

**Articulation Agreement—Postsecondary Vocational (PSAV) to AS Degree
Structural Drafting PSAV to AS Drafting and Design Technology
Memorandum of Understanding**

Effective Term 201710

In accordance with the FDOE Postsecondary Adult Vocational (PSAV) to AS Degree Articulation below, Eastern Florida State College will award credit as follows:

Student must be enrolled in one of the following Programs: **AS/DRAS - Drafting and Design Technology (161530102)**
CCC/DACC - Drafting Design (0615130101)

Credit will be awarded as follows:

Course Prefix	Course Number	Course Title	Credits
ETDC	1540	Civil Drafting	4
ETDC	2320	AutoCAD Fundamentals	4
TARC	1120	Architectural Drafting	4

Procedure for Obtaining Credit

Student must meet the following criteria:

- Meet all EFSC admissions requirements pertaining to entering the program listed above.
- Be an active student currently enrolled in the program listed above and in good academic standing. Student's major must reflect the program listed in the agreement.
- Complete three credit hours of a technical course in the above listed program through traditional instruction at EFSC with a grade of "C" or better.
- Certification must NOT BE EXPIRED at the time the credit will be awarded, and the certification must have been issued within three years prior to enrollment in the program.
- Submit the "Petition for Articulated Credit" form and include a copy of the above listed certification to: **EFSC, Office of the Registrar, 1519 Clearlake Road, Cocoa, FL 32922.**
- Credit will be awarded with grade of "S" which will not affect the student's grade point average. Duplicate credit will not be awarded. Degrees or certificates are not conferred unless a minimum of 25% of the degree or certificate program requirements are completed through traditional coursework taken at EFSC.
- Questions regarding this agreement should be addressed to the Director of Career & Technical Programs or the Office of the Registrar.

APPROVALS

This Articulation Agreement shall be effective upon the signatures below, and shall remain in effect until reviewed and modified by EFSC, or terminated by the Florida Department of Education (www.fldoe.org/workforce/dwdframe/artic_indcert2aas.asp). This agreement is subject to change by legislative action, the Department of Education, or the EFSC District Board of Trustees.

Florida Department of Education
Postsecondary Adult Vocational (PSAV) to AAS/AS Degree Articulation
Statewide Agreement Worksheet Summary

PSAV Program Name: Structural Drafting
PSAV CIP Number: 0648.010301
PSAV Program Number: I480113

AAS/AS Degree Name: Drafting & Design Technology
AAS/AS CIP Number: 0615.020200/ 1615130102

Admission Requirements: Students entering the Associate in Applied Science or Associate in Science Program in **Drafting & Design Technology** must have a standard high school diploma or its equivalent, or a CPT Eligible Certificate of Completion. Students must meet the requirements of State Board Rule 6A-10.0315(3), FAC (College preparatory testing, placement, and instruction). Students earning scores less than those listed shall enroll in college preparatory communication and computation instruction.

Other admission requirements: None

Validation Mechanisms: Students seeking a minimum of 12 hours of articulated credit must enroll in a community college program within three (3) years of a PSAV certification. The articulated credit will be awarded after completing 3 credit hours (with a 'C' or better) in a higher level course. Portfolios (validated by the technical center) can be used for additional local articulated credit.

School district technical center and community college faculty committee met and agreed to propose that the **1800** clock hour program in **Structural Drafting** shall articulate **twelve (12)** college credit hours to the AAS/AS Degree in **Drafting & Design Technology**. This agreement does not preclude but encourages the awarding of additional credits by any college through local agreement.

Community College: AAS/AS in Drafting & Design Technology

Articulated Courses – Core:
Engineering Graphics – 3 credits
CAD 1 – 3 credits
CAD 2 – 3 credits

Structural Drafting – 3 credits (Additional articulations in other areas of drafting could be done by using the 3 core courses plus another course in architectural, mechanical, or civil drafting.)

Total AAS/AS Degree Program 62 credit hours

Notes: Recommend that technical center faculty and college faculty meet annually to establish guidelines for additional articulation agreements and to coordinate appropriate content in the core and specific program courses.
